

Amendments to the Specification:

On page 4, please replace the paragraph beginning at line 12 with the following amended paragraph:

Another form of archival storage is described in co-pending United States Patent Application number 09/875,356 ##### (Attorney docket code HP10002367), entitled “Non-Volatile Memory”, the disclosure of which is hereby incorporated herein by reference. The memory system disclosed therein provides high capacity write-once memory at low cost for archival storage. Since the data storage is permanent, however, once image data is stored therein it cannot be erased by the user if the image is not suitable.
